2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The Palermo Union School District is comprised of five schools; Helen Wilcox (K-3), Honcut Elementary School (K-2), Golden Hills Elementary School (4-5), Palermo Middle School (6-8), and Community Day (K-8). The district is located in Butte County, in the northern part of California's Sacramento Valley.

Palermo Union School District Vision: All Palermo students will receive a meaningful and challenging education that will provide the opportunity to become life-long learners and motivated to be contributing members of society.

Palermo Union School District Mission: In partnership with parents and other community stakeholders, it is the mission of the Palermo School District to create the conditions necessary to ensure that every Palermo student achieves our vision.

School Description: Golden Hills Elementary School, built in 2006, is located south of Oroville and has approximately 300 students. Golden Hills provides a Title 1 School-Wide Program(SWP) in addition to reading Intervention, math Intervention, English Language Development, special education, Indian Education, and library services. Every classroom at Golden Hills is considered a smart room, equipped with technology which is used to reach our diverse learners. This technology includes a Viewsonic, document camera, and amplification systems. In addition, each student is assigned a Chromebook. Every student

2022-23 School Overview

at Golden Hills receives music education once a week from a music teacher and has the opportunity to join a weekly beginning band class. Golden Hills also has a focus on increasing physical fitness for students by holding monthly school-wide fitness activities and culminating in an annual two-week Olympic event at the end of the school year. In addition to reach our required P.E. minutes, students also receive weekly instruction from a physical education teacher with a bonus PE class every 2 weeks.

Golden Hills embraces the Professional Learning Community (PLC) model as well as the Learning For All concept. The teaching staff and administrators have developed strategies to teach students of all ability levels, including implementation of MTSS (Multi-tiered System of Support: academic, behavior and social emotional interventions),, and a school-wide intervention block (including ELD). I-Ready is used for diagnostic and learning modules to differentiate instruction for all students. Professional development has been focused on implementing trauma informed responses for all students. Professional Development for the staff is focused on Trauma Informed Responses, PLC, NGSS and ELD strategies.

School Goals: All students will think critically, collaborate, and persevere through rigorous, relevant and engaging tasks to reach academic success. Progress indicators will be CAASP scores, local district benchmarks. Local assessments, both formative and summative, are monitored and analyzed weekly, each trimester, and at the end of the school year.

Mission Statement: Golden Hills Eagles grow together, learn with passion, act with kindness and change the world.

Golden Hills Vision Statement: Golden Hills is a learning focused school that ensures that every student ends the year having acquired the essential skills, knowledge and behaviors required for success!

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility inspection tool developed by the State of California OPSC. The results are available at the school office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Golden Hills was built in 2006. It has 12 classrooms, a multipurpose room, a library, and an administration building. A staff work room is located in the administration building. Student and staff restrooms are adequately located throughout the campus and are kept clean and in good working order. Golden Hills maintains a playground and garden area. The campus is gated and locked when school is not in session. Parents and guests sign in, and out, at the office. LEA maintenance staff ensures that the repairs necessary to keep the school in good repair, and working order, are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. A daytime custodian takes care of the day-to-day operational needs on site, while helping to maintain safety and cleanliness. A night time custodian maintains the cleanliness of the school by cleaning the entire facility each night.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	32	N/A	32	N/A	47
Mathematics (grades 3-8 and 11)	N/A	17	N/A	17	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parental Involvement is an important part of student success. Parents and guardians are given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed. We encourage parents/guardians to volunteer in the classroom and on field trips, as well as attend Back to School Night, Open House, Parent/Teacher Conference, Title 1 Meetings, family picnics, STEAM night and other family events. Golden Hills benefits from an active Parent Teacher Group (PTG). The PTG works with the community on various fundraisers and supports student activities. Parents are encouraged to serve on the School Site Council (SSC). Parents of English Learners (EL students) are encouraged to serve on the English Learner Advisory Committee (ELAC). Parents and guardians can support their child's learning environment by monitoring school attendance and homework completion, participating in extracurricular activities, volunteering at school, attending SSC meetings, and by planning and participating in activities at home that are supportive of classroom instruction.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	4.63	5.57	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The Palermo Union School District Comprehensive Safety Plan/Emergency Management Plan is reviewed, updated and approved by the Governing Board annually by March 1. Each school maintains a copy of the Safety Plan on site and a copy of the site Emergency Conditions portion of the plan is maintained in each classroom. Key elements of the Safety Plan include: a plan of action for maintaining a safe and orderly environment conducive to learning at the school (i.e. assessment of school safety, identification of strategies and programs that will maintain school safety and campus security) and emergency management procedures consistent with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) developed by the U.S. Department of Homeland Security.

Key elements of the site Emergency Conditions include: a plan of action for a coordinated school wide response to emergencies (i.e. intruder on campus, fire, emergency lockdown, evacuation, etc.). Safety drills are held on a regular basis. Fire drills are held monthly. Earthquake/disaster and lock down drills are held twice a year. All employees wear ID badges and visitors to the campus are required to sign in at the school office and wear a visitor's pass at all times.

Palermo School District School Safety Plan was reviewed and approved on Feb 23, 2022. . The plan is reviewed and discussed with school faculty in August and at staff meetings throughout the year.

2021-22 Types of Services Funded

Golden Hills Elementary School uses a MTSS (Multi-Tiered System of Support) to support students in academics, behavior and social-emotional needs. Our intervention program is based on our essential standards, much of our professional development is based on supporting the PLC's. All of our professional development supports our Single Plan for Student Achievement and is focused on intentional support for our teachers instruction with their input and teacher-led, district led and outside expert led professional development. Teachers meet weekly, on Friday afternoons, to analyze data, investigate best instructional practices, and review assessments and assessment data for general ed students, special education students, English Learners and more. Golden Hills Elementary School provides standards based, high quality instruction to all students in all subject areas. We provide additional academic support and supplemental services through school wide intervention classes within the school day and through after school tutoring. Achievement data and student progress is regularly monitored in order to insure that students are assigned to appropriate classes and intervention services. Students that are not meeting grade level standards also receive instructional support from our education specialists. Golden Hills updated technology by purchasing 24 View sonics boards, new web and document cameras using CSI and CARES funding.

Local Control Funding Formula (LCFF) from the state provides general funding for the base programs and supplemental programs. The LCFF funds are distributed based on the Local Control Accountability Plan (LCAP) adopted by the PUSD board and developed by the district in conjunction with stakeholders including parents, students, school employees and other stakeholders.

The purpose of Title I, federal funds help to meet the educational needs of low-achieving students in California's highest-poverty schools. Funds are used to support effective, research-based educational strategies that close the achievement gap between high-and low-performing students and enable the students to meet the state's challenging academic standards. Title I funding supports improvement of the teaching and learning of children who are at risk of not meeting academic standards and reside in areas with high concentration of children from low-income families. It also provides additional academic support from instructional aides who work in the classroom under the guidance of a credentialed teacher. Title III Limited English Proficient - The purpose of the Title III Limited English Proficient (LEP) Student Program is to ensure that all LEP students, referred to as English learners in California, attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging state academic standards as all other students. English Language Learners who have not yet reached fluency receive approximately 35 minutes of English Language instruction daily, in addition to their core Reading/ELA classes. Title VII funding is used to provide Indian Education students with additional academic support from an instructional aide who provides in-class assistance.

Professional Development

The district schedules staff development on non-student days and/or non-contract days, or during after school hours. Staff development is delivered through after school workshops, conference attendance, individual mentoring, and PLC. Area of focus for staff development is selected based on need, as shown in achievement data. Teachers are supported through teacher-principal meetings and professional learning communities. PUESD teachers engage in active staff development throughout the year by attending in-District training sessions given by staff and consultants, as well as site based sessions presented at staff meetings, committee/grade level meetings, and during formal observation post conferences. Staff development has focused on fostering Trauma Informed Responses, Positive Behavior Supports (PBIS) and professional collaborative teams. Site sessions, as well as follow -up classroom observations and feedback have been provided on the following topics: English Language Development, Student Engagement, Social-Emotional Learning, Benchmark Advance, and I-Ready.
